

Wei Bo Associates HK Limited

## Wei Bo Associates HK, Ltd. Introduces the MSW3T-3200-150 High Power SP3T

**For Immediate Release: 4 May 2018**

Wei Bo Associates HK, Ltd., the industry's leading high power, SMT RF Limiter and Switch manufacturer today announces the release the [MSW3T-3200-150](#) High Power SP3T RF Switch. The MSW3T-3200-150 operates from 50 MHz to 3.0 GHz and is capable of handling +53 dBm Peak Power while operating at +85°C. It is offered in a 9mm x 6mm SMT package and has a Class 1C ESD rating.

"Wei Bo Associates has been approached by a number of customers late in 2017 requesting a high power SP3T SMT solution to replace their previous supply chain which had been disrupted by M&A activity which has plagued the RF & MW industry for the past decade. Wei Bo Associates partnered with a handful of customers to create a common specification which resulted in the creation of the MSW3T-3200-150. Wei Bo Associates was able to significantly improve on the RF characteristics of the prior art, more than double the frequency of operation and reduce the package size by almost 50%.

The market acceptance has been very good and we look forward to offering several addition high power multi-throw switches in the coming quarters" said Tim Emery, Senior Partner and Vice President of the Hong Kong based Wei Bo Associates. "Our time to market and our Hong Kong base of operations have proven to be a highly competitive advantage in the current business environment" continued Mr. Emery.

The MSW3T-3200-150 product features include:

**Features:**

- Surface Mount SP3T Switch: 9mm x 6mm x 2.5mm
- Frequency Range: 50 MHz to 3.0 GHz
- Industry Leading Average Power Handling: +50 dBm (CW)
- High RF Peak Power: +53 dBm (Peak)
- Low Insertion Loss: < 0.5 dB
- High IP3: > 65 dBm
- RoHS Compliant

The MSW3T-3200-150 is routinely stocked in Wei Bo Associates Hong Kong warehouse.

**About Wei Bo Associates HK, Ltd.:** Wei Bo Associates HK, Ltd. was founded by former senior management of Aeroflex& MACOM in 2014 specifically focused on supporting RF customers in the BRICS nations who have become marginalized by the unhealthy trend of RF industry consolidation. Wei Bo Associates HK, Ltd. offers high power, high reliability, SMT Limiter and Switches in the HF to X Band frequency range designed, developed and produced in the company's Hong Kong and Malaysia facilities.
